Your Watershed Story and How You can Help Keep Our Streams Clean

Where: Washington Twp
Municipal Offices
57900 Vandyke Rd.
Washington MI

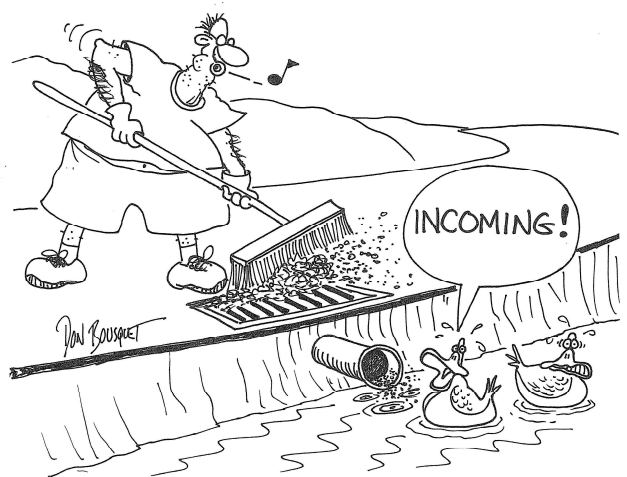

When: Jan 11, 2011 7pm

**Do you know what a watershed is?
Do you know what watershed you live in?**

Join us and learn about the Clinton River Watershed. We will show you how your everyday actions influence the health of our lakes, rivers and streams.

We'll discuss:

- * Past/current local water quality problems
- * Water quality successes
- * Current efforts to restore and protect the creeks, rivers, lakes, drains and adjacent lands within your community and the Clinton River Watershed
